

OUR HATS ARE OFF TO YOU

Your donation lays the foundation for change in Greater Portland. When you GIVE and LIVE UNITED, you make a real difference in the lives of our co-workers, friends and neighbors.

\$1 a week (\$52 annually) provides a senior who has no other means of transportation with four safe, reliable, timely rides to doctor appointments, grocery stores, recreational opportunities and other essentials critical to a happy and healthy life.

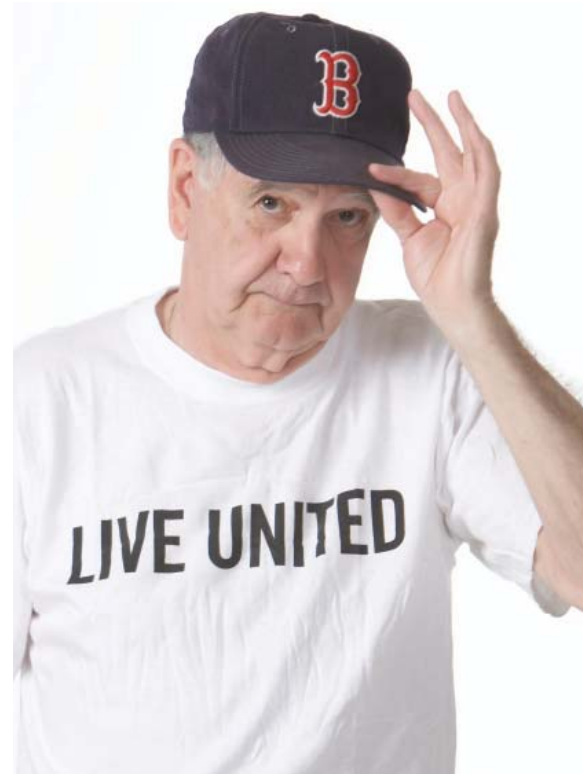

\$2 a week (\$104 annually) provides 58 hot, nutritious meals to homeless, working poor and those going through difficult times. Providing evening meals 365 a year in a low barrier setting helps ensure that adults, youth and children in our communities have access to a substantial meal that will carry them through to the next day.

\$6 a week (\$312 annually) provides nine nights of shelter, crisis intervention and referrals to homeless women dealing with the challenges of mental illness and trauma of abuse within the safety of a dedicated women's facility.

\$10 a week (\$520 annually) provides children who have experienced death of a loved one with 40 hours of peer support, helping them share their personal experience of loss and gain a better understanding of their feelings.

\$15 a week (\$780 annually) provides a critically ill infant or child with three in-home visits from a skilled pediatric nurse. Skilled nursing helps children achieve their maximum growth and development and help parents understand how to best care for their child.

\$20 a week (\$1040 annually) provides 12 days of comprehensive special education and therapy to preschoolers with severe disabilities within a high-quality, integrated child care program.
